Dear Friend of African Vision of Hope,

Thank you for taking a huge step in a truly life changing experience! This trip promises to show God at work in your world.

Keeping yourself vulnerable and open to crossing the borders and entering into a territory of cultural and economic poverty changes your heart and your perspective on your world. It is pure and undefiled religion to visit orphans and widows in their affliction (James 1:27).

We are on a mission to end extreme poverty in Zambia one child at a time through education and to experience the knowledge of Jesus Christ for He is the way, the truth and the life.

I know you will come home from this trip with a passion and a desire to help the widows and orphans of Zambia! Use this packet as your guide to becoming an advocate for the orphans and widows that Christ promised would be with us always.

I look forward to serving with you!

A woman in a black hoodie and a striped skirt carries a large blue bucket on her head. A young boy in a light blue shirt and denim shorts carries a black jerrycan. They are walking on a dirt path in a rural, wooded area.

Let us not become weary in
doing good, for at the proper
time we will reap a harvest
if we do not give up.
— Galatians 6:9

WHO ARE WE?

African Vision of Hope is a Christian organization committed to bringing immediate and lasting solutions to children and families living in extreme poverty. We confront the root causes of poverty by providing opportunities to be educated, grow up healthy, develop leadership and economic skills and learn about God's love.

African Vision of Hope's Zambian family of widows and orphans grew out of obedience to Christ and the compassion to help one child. We will listen and respond, speaking up for the vulnerable, the weak and those who have no voice. Compassion moves us to action through our finances, our hands and our heart. It is the very heart of Christ and we seek to align our actions with our purpose and beliefs.

We are servant leaders and partners with the poor, our donors, staff and volunteers in this ministry. We suffer alongside of those we serve and work to give them an active voice and provide listening ears so they are active partners in solving problems. We value and respect the dignity and culture of these relationships as we work towards a common goal.

People matter to God and they matter to us. We believe children are a heritage and a blessing from God. We believe that each child should have a family and be encouraged and loved.

WHY GO?

There are those that send and those that go. Your choice to go is a good one!

African Vision of Hope's ministry includes giving of our resources to poor but it goes much deeper than that. It is about loving them. It is about serving them where they are.

We have developed opportunities for you build relationships with hungry people and to work with our indigenous staff on the ground.

Through the network of our schools you will have opportunities to teach, to provide medical care, to mentor, to love and to be loved like you never thought you could. As it is written in James, we are to visit the widows and orphans in their affliction. You will have opportunity to visit their communities and their homes. It is also written in James to keep ourselves from becoming defiled by the world. This trip will bring you home with a new perspective on how you live here in the U.S.

When you allow God to challenge you to be uncomfortable and trust in Him you will find that He makes a way and will direct your steps. We pray you come home transformed and ready to be agents of change and representatives of those that you met and fell in love with.

THEIR STORY

FROM DESPAIR TO HOPE
FROM FORSAKEN TO LOVED
FROM SICKNESS TO HEALTH
FROM AFRAID TO CONFIDENT
FROM ORPHANED TO COMFORTED
FROM HUNGER TO PLENTY
FROM WORTHLESS TO VALUED

WHAT'S THEIR STORY?

When you return from your trip to Zambia you will be asked to tell all about what you experienced. Tell the story! Tell of your experience but go further than that and tell the story of the people you met. Be their voice.

YOUR EXPERIENCE:

- How did it begin and what did God do to prepare you to go?
- Where did you go? What did you see? Who did you see? What was it like?
- How has your life been changed?

THEIR STORY:

- What was the life experience of one person that you met? What is their name? Where do they live? How do they live? What do they do? What is their life like?
- What does education mean to children in Zambia?
- How does African Vision of Hope help the orphans and widows?

WHAT IS NEXT?

- Now that you are home, what will you do to stay connected?
- What will you do to help the people you met?

WHY EDUCATION?

Education is the key to opening up a new future for the children in Zambia. Without an education they are stuck in the cycle of poverty.

African Vision of Hope is having an impact on education by eliminating many of the barriers our students once encountered.

- Training teachers maximizes their ability to help children learn.
- The nutrition program feeds the children who might not otherwise have a meal every day.
- Financial sponsorship has allowed students to have the necessary supplies for school.
- Wells with clean water have saved hours of walking time to get the family's daily supply of water.
- Safe drinking water, sanitation, and hygiene practice have warded off disease.

- Health clinics provide vitamins and other basic medical needs to keep children and mothers healthy.
- Scholarships for formal education allows students to obtain a college degree
- Including HIV/AIDS curriculum as part of the African Vision of Hope educational system in Africa helps slow the spread of infection

WHY JESUS CHRIST?

Spiritual Mentoring is Part of Everything We Do

Train up a child in the way he should go; even when he is old he will not depart from it. Proverbs 22:6

We follow Christ's example by serving alongside the poor, and our faith in Him is core to who we are. This commitment drives our programs, staff, and leadership.

We believe each child is uniquely designed by God. Through our actions and conduct, we demonstrate the unconditional love of God to the children and communities where we work. We partner with churches, equipping them with training so they can meet the physical and spiritual needs of their communities.

We serve all people regardless of religion, race, ethnicity, or gender.

LODGING

Teams will stay at the Baptist Seminary located on Twin Palm Road in Lusaka Zambia.

CULTURE

The time spent in Zambia is primarily about building relationships. With that said it is very important to understand their culture and to be sensitive to it. Zambians are laid back and will spend a lot of quality time with you.

- Students/children may not look you in the eye when you speak to them. This is their culture. They are treating you with respect when they do this.
- Women dress modestly and have a quiet strength about them. A Zambian man may not greet a foreign woman with a hug or handshake unless the woman shows permission to do so.
- Men are leaders. They develop their leadership status by what they do and how well they eat. Zambia is a male-dominated culture. Respect their ways whether you agree or not. Women should dress modestly and men should watch their body language as not to show dominance or authority.
- Zambians in general are very polite and proper. Watch how you speak so that you don't convey aggression or arrogance. Body language communicates more than we realize - seek to communicate what is in your heart with your face and your actions.

At all times, modesty must be observed. In many cultures around the world the concept of "modesty" is much more modest than the typical American conception of it. Failure to recognize such cultural differences jeopardizes ministry effectiveness and team focus. Trip participants must not conduct themselves nor dress in any way that calls ungodly attention to self and distracts from ministry goals. It is necessary to pack accordingly.

Zambia is a landlocked country in south central Africa. It has a population of about 13 million with 1.3 million orphaned children. It is bordered by Angola, Zaire, Tanzania, Malawi, Mozambique, Zimbabwe, Botswana and Namibia. Zambia has more than 70 different tribes that all have a different dialect and different cultural and spiritual traditions. Many of the rural areas still retain their indigenous and traditional customs and values.

Zambia's currency is the kwacha. The staple food of Zambia is nshima which is made with white corn meal. Most Zambians eat this at every meal and for many that is their meal. They usually eat with their right hand. The nshima may be served with cabbage, beans or soy and lots of salt. Zambians drink tea several times a day, and it is similar to a chi tea with lots of sugar.

Witchcraft, Wizards, voodoo and black magic are an everyday part of life in Zambia. Many times it is intermingled with Christianity. Africans take this very seriously as they know that the battle is against evil and not flesh and blood.

Your trip coordinator is the emergency contact person while you are in Zambia. Those in the States can call this person if they must get a hold of you while in-country.

TRAVEL DETAILS

BEFORE YOU DEPART

- Concerning vaccinations, please check with your family doctor. We do not require any, but the Centers for Disease Control (CDC) recommends that certain vaccinations be up to date.
- Check with your doctor for any medications/medical supplies you may need for yourself such as: EpiPen for allergies, Inhalers/medications for asthma, Diabetic supplies, or any other medicines/supplies not found in a common first aid kit.
- African Vision of Hope purchases International Mission Trip Insurance for trip participants through Mission Safe.
- Make sure your passport has at least 6 months left on the expiration date from the date you will be departing Zambia

BEFORE THE AIRPORT

- Check-in for your flight 24 hours before departure by going to your airline's website in order to confirm your seat.
- Verify the check-in-baggage size and weight restrictions and any fees on your airline's website.

AT THE AIRPORT

- Arrive at the airport at least 2.5 hours before your flight. If you arrive later, you could miss your flight or lose your seat on the plane.
- Wear your African Vision of Hope t-shirt so that staff and your team will recognize you.
- Check your luggage and go through security. Then proceed to the gate to meet your team. Beat the gate 1 hour before your flight departs because you may have to verify your passport at the counter.
- Contact your trip coordinator if you are flying through another city and have questions.

ON THE PLANE

- Complete the customs declaration form and keep your passport handy. Mark "tourism" as the reason for your trip to the country.
- When asked for the address where you will be staying, write:
 - AFRICAN VISION OF HOPE
 - TWIN PALM ROAD, LUSAKA, ZAMBIA
- If asked if you have prescription drugs, the question refers to prescription drugs for a medical ministry team, not personal medications.
- If asked what you brought in your luggage, say "My Personal Belongings"

ARRIVING IN ZAMBIA

- Upon arrival at Lusaka International Airport, you will go through customs, where you will have your passport stamped and pay a \$50 entrance fee. Set aside a \$50 bill before you leave and present only this amount.
- Put your completed declarations form and \$50 inside your passport and hand it to the customs officer.
- Next, you will be met outside the airport by one of our staff. Then you will be driven the few hours to the team house where you will meet other field staff who will care for you the rest of the trip.
- The US dollar is not used in Zambia and you will need to exchange money before your trip if you plan to buy anything there.

GIFTS & DONATIONS

- While it feels instinctual to want to give material things to those with such great need, it can be very damaging if handled incorrectly. Also, giving any individual gifts can hurt feelings, damage relationships, and put you in an uncomfortable situation.
- All gifts and donations must be processed through our corporate office. **DO NOT DELIVER ANY PERSONAL GIFTS OR DONATIONS THAT HAVE NOT BEEN PROCESSED THROUGH OUR CORPORATE OFFICE.** Children's lives can be endangered.

PACKING LIST

Important Things To Consider Before Packing:

- Everyone is allowed two 50# suitcases, a personal item, and a carry-on. The personal item **cannot** be a book bag but can be a large laptop case or a large purse. The carryon luggage must be 25 pounds or less. We suggest putting your book bag in your luggage and taking a small carryon luggage and a large purse or some kind of business looking brief case.
 - Put important personal items in your carry on such as:
 - Any electronics and cameras
 - Medication
 - A complete change of clothes
 - Bible and pens
 - Anything you might need for the first 24-48 hours
 - Leak proof water bottle
- Luggage Ribbons - We suggest that you or your group tie matching ribbons (large enough to spot 15 feet away) on each piece of luggage. This will assist with the identification of your luggage if and when we have to retrieve pieces from the airport.

- Make copies of your important documents (passport, tickets, etc.) and keep in your checked luggage. You may also give copies to family members in case of emergency.
- Use small bottles to pack toiletries. Take travel size of toothpaste and have other items in small containers.
- No clothing with peace signs, ghosts, witches or skulls.
- Make sure you have plastic flip-flops for the bathroom and shower.
- Have comfortable shoes that are good for lots of walking.
- WOMEN - Do not wear clothing above the knees - shorts, skirts or dresses!

AFRICAN of
VISION of HOPE

SECURITY & SAFETY STATEMENT

We know there are inherent risks associated with travel outside the U.S. These risks include everything from what we eat or drink, vehicular safety, natural disasters, theft or robbery, organized crime, social unrest, government conflict, and more. We do everything we can to make the trip experience impactful, but also to do all we can reasonably do to keep each participant safe. Although the inherent nature of travel to a foreign country makes it impossible to guarantee anyone's safety, know that mitigating risk is our top priority.

We are in constant contact with our team on the ground in Zambia and we monitor trusted websites that track security threats related to travel within Zambia. Our in-country staff, who work every day in the areas where you will visit, keep us apprised of any concerns related to specific areas of operation.

In the event that these risks become too high, AVOH will cancel or postpone a trip to protect the safety of our volunteers and the safety of our in-country staff.

While you are on your trip, you will find we have behavior protocols in place to enhance security. Although some of these may feel restrictive, they are necessary to reduce the inherent risk of travel in the specific country you will be visiting. As always, our intent is to provide a great trip experience for each of you. Please familiarize yourself with these protocols before you leave for your trip.

MEDICAL INSURANCE INFORMATION

We will purchase international missionary insurance that covers emergency medical situations. This will be for evacuation in case you would need to be brought back to the United States.

If you wear contact lenses you will need to provide your own supplies to care for them. We recommend bringing extra lenses and saline salutation as well as your eye glasses.

BEHAVIOR PROTOCOL

The following general security behavior protocols are in place to reduce risk to you or your group while you are traveling to African Vision of Hope in Zambia.

1. NEVER GO OFF THE FACILITY WITHOUT A STAFF ESCORT.

“Facilities” include where you are staying overnight, the schools and transportation provided. Therefore:

- Do not leave your compound/school.
- Do not go jogging.
- Always travel as a group.
- Do not walk around the selected community by yourself.
- Do not leave the transport vehicle without staff escort.
- Do not linger near groups of people (political demonstrations, etc.)

Violating these protocols puts you, the team, and our staff at additional risk.

2. DO NOT BE CONSPICUOUS WITH YOUR PROPERTY.

Any display of foreign wealth (which may be just a few dollars or even costume jewelry) presents a target for crime. Therefore:

- Do not wear jewelry.
- Do not carry large amounts of cash.
- Do not make cash visible.
- Do not display electronic hand-held devices such as cell phones and tablets.
- Do not leave valuables unattended.
- Keep your passports secure.

If you are confronted by a threatening person or group demanding money or valuable, do not resist. Things can be replaced, and we will assist with obtaining another passport. Your personal safety is our top concern.

3. DO NOT ENGAGE IN HIGH RISK ACTIVITIES.

Some activities are inherently risky for injury even in your own country. Traveling in a foreign country is not the time to take on these additional risks. Injury to self requires medical care in unknown facilities and unpredictable medical care. Moreover, an injury to an individual trip member will jeopardize the work of the entire group.

4. UNDERSTAND CULTURAL DIFFERENCES.

Although our culture may be very open to certain practices and behaviors, in the areas where we work those same practices can be afflicted with gang culture. In areas where gang activities and social unrest influence our work, African Vision of Hope staff and volunteers are often accepted by controlling powers because we have identified ourselves as Christians with a particular purpose that benefits families and communities, including their own. However, in these cultures, Christians are often identified by not smoking, not consuming alcohol, and not marking their bodies.

Therefore, do not consume alcohol, do not smoke, and please cover tattoos.

Some of these behaviors may indicate that you are not part of the specifically accepted group, undermining the standing our staff has in the community and potentially subjecting you to gang or political activity.

5. AVOID PERSONAL INTERACTIONS WITHOUT PROPER INSTRUCTIONS.

Local church and community leaders understand the social contexts of their environment. They have invited African Vision of Hope's national staff, who are in-turn hosting North American visitors. They value the cross-cultural interaction with our volunteers and are eager to introduce us to the community members involved in our shared work. However, our presence often causes curiosity among others not associated with the ministry.

Therefore:

- Do not initiate social contact with people (especially young males) who may hang around the edges of the school
 - These may be "spotters" who are keeping an eye on the behavior of our group.
- Always work through your in-country host to interpret unexpected interactions.
- Ask in-country staff hosts to initiate any desired introductions.

We always want to show respect. Verbal witnessing to people with whom you have not been introduced is best handled by our in-country staff and local church leaders who have the time to build trust relationships. Your direct interaction, while well intentioned, may be misinterpreted and put you or the group at risk.

If you sponsor a child through African Vision of Hope you must sign the Guidelines for Visiting Sponsored Children (see Important Forms section of this packet) and adhere to the protocols listed there. It is vital that these protocols are followed for the safety of the children and their families. Well-meaning visits and gifts from you can endanger the life of a child. You will not be allowed to visit the children in their homes and you must always have an African Vision of Hope staff member with you.

Only build relationships in the context of your entire team! See the Intimacy Rules Agreement in the Important Forms section of this packet.

6. PHOTOGRAPHY, OTHER THAN PERSONAL USE, IS PROHIBITED.

Any and all photographs and/or videotape that you make may only be for personal use. You must have written permission from African Vision of Hope to use photographs and/or videotape of any and all African Vision of Hope owned, leased or occupied properties, any and all individuals on such properties, and any and all individuals otherwise associated with African Vision of Hope for commercial broadcasting, advertising, marketing or publishing in any medium.

- Commercial use of images is prohibited; including but not limited to: retail items or materials intended for sale (books, calendars, postcards, place-mats, screen-savers, personal or commercial letterhead, promotional materials, and copies/use of the image itself), packaging or promotion of products intended for sale, and advertising materials and/or campaigns in any medium intended to generate funds for individual or entity other than African Vision of Hope.

LANGUAGE HELP (ZAMBIA WORDS)

English – Chizungu

Mazunga – one white person

Muli nabana bangati – How many children

Ndiwe ndani – what is your name

Zingati – how much

Wadula – too much

Niza bwela - I am coming mange mange – soon

Emelela – stand up

Chawama – wonderful

Muzanga – friend

Zikomo – Thank You

When greeting anyone in Zambia there is the traditional handshake and a traditional hug. The handshake is with the right hand as the left hand is considered unclean for several reasons.

It is impolite to start a conversation without first asking how someone is doing and how their family is doing.

Zambians will not understand many of the things you say as our language is slang. Think about all the things you say that are idioms, “I have a frog in my throat”, “get your ducks in a row”, “sick as a dog”, “rub someone the wrong way”, “out of the blue” and so on and so on. They will take everything you say literally. So speak slowly, think before you talk and change how you will say things. They use the Kings English so it is very proper.

PREPARING YOUR HEART & ENGAGING

“Then Joshua said to the people, ‘Consecrate yourselves, for tomorrow the Lord will do wonders among you.’” Joshua 3:5

Here are a few things to think about and do as you prepare for the summer! Our vision is for your time in Zambia to share hope and **ENGAGE**.

1. Engage with the Lord
2. Engage with your team
3. Engage with a new culture
4. Engage with the Gospel message
5. Engage with your local church

Engaging With the Lord

Spend regular time with the Lord in His Word and in prayer. If this isn't a daily habit for you now, we encourage you to make it one! Our biggest goal for this trip is to glorify God in our personal devotion to him and in our public obedience to His call to make disciples of all nations. This is not a vacation, or a trip to sight see.

There are quite a few books you can read before the trip to help you prepare. Here are a few that we recommend:

1. *Kisses from Katie* by Katie Davis
2. *Radical* by David Platt
3. *The Boy who Harnessed the Wind* by William Kamkwamba
4. *Too Small to Ignore* by Wes Stafford
5. *Unfinished* by Richard Sterns
6. *Walking with the Poor* by Bryant Myers
7. *The Garden of the Burning Sand* by Crobin Addison
8. *28: Stories of AIDS in Africa* by Stephanie Nolen
9. *Both Feet In* by Bud Fray

Engaging With the Team

Recognize that you play a significant role in this trip. You bring certain strengths and weaknesses to the team. You will take the step of faith to know yourself well, bring your whole self to the trip, and commit to the good of this team. Ask someone who knows

you well to give you input into the key strengths and weaknesses of how you relate to a team.

Commit to getting to know the team during meetings or outside of them. Once you are in Zambia you will all grow closer (Sometimes too close, ha!) but it is helpful to form relationships and bonds before you leave.

Engaging With a New Culture

An important part of missions is how we reveal Christ by how we engage with another culture. Some things in Zambia will comfort you, while others will surprise you, disgust you, challenge you, or make you laugh. We will do our best to prepare you for the most jolting culture shocks, but it is also your responsibility to prepare your own heart for engaging with a new culture.

Pray for Zambia. Allow God to fill your heart with His love and compassion for this place.

Engage With Your Local Church

Tell your home church about AVOH and this trip. We can use all the prayer and support we can get. It is important for churches to train up disciples who are reaching out, see if your church provides financial support for those going on mission trips. There are many opportunities within the church to share your call to missions and what AVOH does.

Many of our teams in the past have represented 20 or more different churches from all over the area and country. African Vision of Hope is a Christian organization and we are not affiliated with any certain denominations. We welcome all who are called on this trip and who are willing to give their time and love to the people of Zambia.

Your mission trip guide or your group mission team leader will be informed of your flight itinerary and the exact cost for your trip. If you stay longer than 8 nights, there will be additional costs.

- Snacks
- VISA purchase in Zambia (estimated cost \$50.00)

- Souvenirs
 - *You must send US money to our office so we can wire money ahead for you converted to Kwacha*

BRINGING MONEY WITH YOU

If you intend to spend money while in Zambia, you must turn your money in to our U.S office 21 DAYS BEFORE YOU DEPART on the trip. We will wire your spending money to Zambia. Once you arrive in Zambia, your mission trip guide will give you the amount in Zambia currency, Kwacha.

It is also smart to have some U.S. cash on hand for when you are in airports. Kwacha will be used on our market day where we buy local jewelry, fabrics, decorations, and more. There are other opportunities to use Kwacha, for example if we stop randomly for a soda or to pay a seminary wife for making some chitenga fabric into a skirt.

As mentioned previously, once you arrive in Lusaka, you are required to have a \$50-dollar bill that was made in **2006** or later for your Visa.

PAYMENT SCHEDULE: (Based on average cost/psn of \$3,550 and subject to change per trip)

**Payments can be paid all at once or in 5 scheduled payments*

***All Monies received by our office for your mission trip is non-refundable*

****Exact Dates will be given at the time of booking*

- 1st Payment = \$500 Non-Refundable Fee (Due w/Application & Required Forms)
- 2nd Payment = \$500 (Due 4 Months before the trip date)
- 3rd Payment = \$750 (Due 3 Months before the trip date)
- 4th Payment = \$1,200 (Due 2 Months before the trip date)
- Last Payment = \$600 + your spending money (Due 1 Month before the trip date)

Please make copies of all checks that you are turning in. We encourage you to raise funds for your trip. Per IRS guidelines please do not promote the fundraiser as AVOH events, but as a fundraiser to raise money for your mission trip. We can help with samples of letters, etc. Donations that you raise will go directly to your trip. **If you do not go for any reason, those funds will go towards the mission trip and cannot be refunded.**

INTIMACY RULES AGREEMENT FORM

INTIMACY RULES AGREEMENT

Before you depart on this short term mission trip, remember to keep in mind the goal of the trip. You are committing to become an advocate for the orphans and widows and the goals are to raise awareness for sponsorship, create change for the children, and start a movement to rally supporters.

Any kind of relationship outside the boundaries of a team relationship while on a short-term mission trip diverts you from the work you are to do and distracts you from what God has called you to do. “Special” or “Intimate” relationships often wreck the witness of the entire mission to the community where you are serving. Intimacy is characterized by close familiarity or friendship, physical closeness or body language, spending too much time alone, an intimate act, especially of a sexual nature. All of these things ruin the team dynamics.

Short-term trip experiences are intense and they lack the proper development that is needed to make solid relationships. Although God could introduce you to your future mate while on this trip, in all likelihood it is the intensity of the experience that fuels a need for closeness and bonding.

By signing below, you agree to:

1. Avoid exclusive relationships and to only build relationships within the context of the entire team
2. Steer clear of every potentially questionable intimate situation with another person, regardless of their nationality
3. Seek the AVOH mission team leader’s counsel immediately if something develops and talk to him/her about things honestly and openly
4. If God is directing this short-term relationship, resolve to wait until after you have fulfilled your commitment overseas and have returned to your home before you pursue it on your own time.
5. Never involve one of our staff or other team members in your plans to pursue an intimate relationship
